Chapter 1 by Captain

Hey Guys I'm new and I thought it would be cool to advertise new stories or new writers on here. So basically you write the title of your story, then good writers look at them and vote for the best story and if they want to add to that story go for it.

any of them.

i have 17 stories with 0 drafts and 9 with one draft. there's probably one you can write for.

(i don't even want the points i just really want to see how these stories go you understand i mean i know where i would take them but the beauty of this sight is that they could go anywhere. literally anywhere.)

Chapter 5 by Lex

I think everyone could use drafts for stories. I'm sure everyone has a ton of stories that need em' so I suggest we just go for it. It's Veloxicism, for some of you who don't know me I haven't been here too long, only a few months and I have seen some and met some great writers! Like Jayde Avalon, Phantim, Brock Thompson, Joakim, some of the smaller writers too like Cat4055, Anime1633, and LightningStrikesHannah, of course Saint Sayaka and Intellikat, every writer here is great and if it wasn't for so many of these stories without drafts, i'm not sure how good stories would be. Most of the time I personally won't write a draft because I'm not the best writer and i feel like my draft won't win...but that's just my insecurities talking. I've written some fairly interesting stories along the way, and so has everyone else so I've gotten used to writing the best draft I can come up with for any story I come across that may catch my eye. I look forward to all of the people who offer up their stories and drafts and may the best Story Warrior's draft be sacrificed to the Story Gods. Feel free to go over my stories, I could use some drafts, but more importantly, try your best because a lazy story and a lazy draft wont always win. (Unless its a damned One Word Story...then be lazy)

Chapter 8 by Artemis

Okay, as someone who primarily writes drafts, I would not like to self-advertise, but I would like to draw attention to some notable stories which only have one draft currently (whether on the first chapter or others).

Though these might range through a lot of topics, Metaphors for Life, Favorite Song Lyrics, the Ruins of Insurgency, Women of Moondust Book 1: Hope, The Olympians, and Escaping the Forest of Secrets are all stories people should write for.

Also, just to put it out there, dueling is a great way to get your story more chapters and votes, so duel me whenever you want.
